

April Newsletter

2026

Hello yes I have if you've seen me before had I have had my hair cut It has to be done especially we are in a new season and before it gets hot and hot.

I had a great Easter Holiday. We explored, went to the cinema and saw Hoppers and The Magic of the Faraway Tree and worked out how to use the Recliner seats and it was just so good.

We visited the Brooklands Museum, because my step sister bought Henry a voucher to go there and it was really good.

If you children love old fashion cars, bikes, planes, trains and buses then I recommend.

You even get to go on a bus ride, on an old fashioned bus locally and great fun.

See the picture here of my son looking over. There is a lovely Canal too, nearby that we visited and they have a Cafe at the museum where you can have a breakfast or a pastry with tea or coffee and cold drinks and was such a great day out.

We also went to see the Red roses at Twickenham. See picture below:

So now we are in April it means April Showers possibly but warmer days and longer days.

The boat race has been and gone along with the Grand national and still I felt like "How come?" the time has passed me by once again. I am going to go to the Boat race as it can be a really good day.

It was the same day as the red roses but still perhaps I need to get out a calendar not on notion and go through all the different yearly events.

The one thing I have been doing everyday is write in my journal. I have been doing it everyday and wrote a new blog about it see link here:

<https://mystylewayofliving.blogspot.com/2026/03/my-journal-is-my-companion.html>

I love getting them from amazon and has made a huge difference to me and it just helps clear the mind and is a non negotiable and love the one I have. I will be sharing details about my Programme Summer Project 2026 soon. I will be posing on my blog Everyone can build a castle. so please check it out.
